

FTI Consulting Adds Two Senior Life Sciences Professionals to Health Solutions Practice

April 24, 2023

WASHINGTON, April 24, 2023 (GLOBE NEWSWIRE) -- FTI Consulting, Inc. (NYSE: FCN) today announced the appointment of [Anthony Gotzis](#) as a Senior Managing Director and [Jacinthe Guindon](#) as a Managing Director in the Life Sciences offering within the firm's Health Solutions practice.

"Our clients in the life sciences industry look to us to solve their biggest business challenges," said [Charles Overstreet](#), Global Leader of the Health Solutions practice at FTI Consulting. "Anthony and Jacinthe, who have more than 60 years of combined experience in the life sciences industry, will bring real-world knowledge and innovative ideas to our clients who are navigating an increasingly complex environment."

Mr. Gotzis, who is based in Philadelphia, brings to FTI Consulting nearly 30 years of experience in the life sciences industry as a trusted advisor, having worked with nearly all sectors of the industry. His experience includes implementing large transformation initiatives to achieve operational efficiencies and risk mitigation. In his role at FTI Consulting, Mr. Gotzis will lead the Life Sciences R&D and Quality capability team within the Life Sciences offering.

Commenting on his appointment, Mr. Gotzis said, "Life sciences companies are under enormous pressure to bring drugs and devices to market faster, with fewer resources and in a manner compliant with various health authority regulations. I look forward to working with the deep pool of talented professionals at FTI Consulting as we help clients address their most challenging operational, transformational and risk-based needs."

Ms. Guindon, who is based in Toronto, joins FTI Consulting with more than 30 years of experience in all facets of clinical development that span pharmaceuticals, biopharmaceuticals and medical devices in the United States and Canada. She has overseen the development of many therapeutics, from early-stage to approval. Ms. Guindon also has led the strategic planning and management of clinical trials. In her role at FTI Consulting, she will focus on clinical development, clinical compliance and trial and portfolio management.

About the Life Sciences offering

FTI Consulting's world-class capabilities across pharmaceuticals, biotechnology, medical device and diagnostics and the healthcare ecosystem enable the firm to assist clients in solving their most complex challenges, achieve their strategic and operational objectives and help shape the technology that will improve the lives of patients, customers and communities.
