Cautionary Note about Forward-Looking Statements

This presentation includes "forward-looking statements" within the meaning of Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended, which involve uncertainties and risks. Forward-looking statements include statements concerning our plans, initiatives, projections, prospects, policies and practices, objectives, goals, commitments, strategies, future events, future revenues, future results and performance, expectations, plans or intentions relating to acquisitions, share repurchases and other matters, business trends, new or changes to laws and regulations, including U.S. and foreign tax laws, environmental, social and governance ("ESG")-related issues, climate change-related matters, scientific and technological developments, and other information that is not historical, including statements regarding estimates of our future financial results. When used in this press release, words such as "estimates," "expects," "anticipates," "projects," "plans," "intends," "believes," "commits," "aspires," "forecasts," "future," "goal," "seeks" and variations of such words or similar expressions are intended to identify forward-looking statements. All forward-looking statements, including, without limitation, estimates of our future financial results, are based upon our expectations at the time we make them and various assumptions. Our actual financial results, performance or achievements and outcomes could differ materially from those expressed in, or implied by, any forward-looking statements. Further, unaudited quarterly results are subject to normal year-end adjustments. The Company has experienced fluctuating revenues, operating income and cash flows in prior periods and expects that this will occur from time to time in the future. Any references to standards of measurement and performance made regarding our climate change-, ESG- or other sustainability-related plans, goals, commitments, intentions, aspirations, forecasts or projections, or expectations are developing and based on assumptions. Our expectations, beliefs and projections are expressed in good faith, and we believe there is a reasonable basis for them. However, there can be no assurance that management's plans, expectations, intentions, aspirations, beliefs, goals, estimates, forecasts and projections, including any that are ESG- or sustainability-related, will result or be achieved. Other factors that could cause such differences include declines in demand for, or changes in, the mix of services and products that we offer; the mix of the geographic locations where our clients are located or where services are performed; fluctuations in the price per share of our common stock; adverse financial, real estate or other market and general economic conditions; the impact of the COVID-19 pandemic or any future public health crisis, and related events that are beyond our control, which could affect our segments, practices and the geographic regions in which we conduct business differently and adversely; and other future events, which could impact each of our segments, practices and the geographic regions in which we conduct business differently and could be outside of our control; the pace and timing of the consummation and integration of future acquisitions; the Company's ability to realize cost savings and efficiencies; competitive and general economic conditions; retention of staff and clients; new laws and regulations or changes thereto; and other risks described under the heading "Item 1A, Risk Factors" in the Company's Annual Report on Form 10-K for the year ended December 31, 2022 filed with the SEC on February 23, 2023 and in the Company's other filings with the SEC. We are under no duty to update any of the forward-looking statements to conform such statements to actual results or events and do not intend to do so.

Economic Consulting (continued)

Segment Offering

Our Economic Consulting segment, including subsidiary Compass Lexecon LLC, provides law firms, companies, government entities and other interested parties with analyses of complex economic issues for use in international arbitration, legal and regulatory proceedings, and strategic decision making and public policy debates around the world.

Medium-Term Growth Opportunities

Maintain leading position of Compass Lexecon in the U.S.

Grow overseas businesses e.g., EMEA, Australia and Asia

Develop adjacent businesses in the U.S. e.g., International Arbitration, Energy, Healthcare, TMT and Financial Services

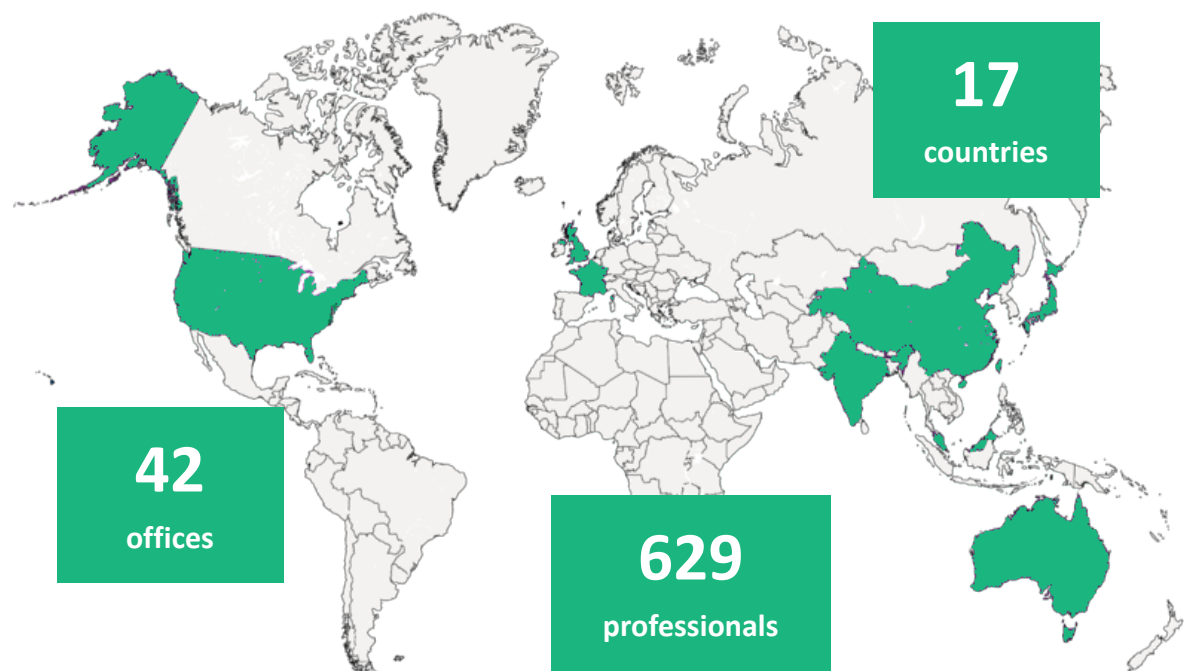

Q3 2023 Key Financial Commentary

- **Revenues** increased \$0.7 million, or 0.4%, to \$193.9 million for the three months ended September 30, 2023, which included a 2.2% estimated positive impact from FX. Excluding the estimated impact from FX, revenues decreased \$3.5 million, or 1.8%. The decrease in revenues was primarily due to lower realized bill rates for our non-M&A-related antitrust services compared to the three months ended September 30, 2022, which included \$21.4 million of revenues recognized that were previously deferred on one large client, which was partially offset by increased demand for our non-M&A-related antitrust and international arbitration services, and higher realized bill rates for our M&A-related antitrust services.
- **Segment gross profit** increased \$3.0 million, or 5.8%, to \$55.4 million for the three months ended September 30, 2023. Gross profit margin increased 1.5 percentage points for the three months ended September 30, 2023. The increase in gross profit margin was primarily due to lower variable compensation expenses as a percentage of revenues, which was partially offset by a 2 percentage point decline in utilization.
- **Adjusted Segment EBITDA** was \$27.8 million, or 14.3% of segment revenues, compared with \$32.9 million, or 17.0% of segment revenues, in the prior year quarter.

Q3 2023 Key Financial Commentary

- **Revenues** increased \$13.9 million, or 16.4%, to \$98.9 million for the three months ended September 30, 2023, which included a 1.8% estimated positive impact from FX. Excluding the estimated impact from FX, revenues increased \$12.5 million, or 14.7%, primarily due to higher demand for investigations and litigation services, which was partially offset by lower demand for M&A-related “second request” services.
- **Segment gross profit** increased \$6.4 million, or 20.8%, to \$37.3 million for the three months ended September 30, 2023. Gross profit margin increased 1.4 percentage points for the three months ended September 30, 2023. The increase in gross profit margin was primarily due to higher profitability in our consulting services and an increased mix of our higher margin hosting services, which was partially offset by lower profitability in our managed review services.
- **Adjusted Segment EBITDA** was \$14.9 million, or 15.0% of segment revenues, compared with \$13.2 million, or 15.6% of segment revenues, in the prior year quarter.

Q3 2023 Key Financial Commentary

- **Revenues** increased \$14.4 million, or 19.9%, to \$86.8 million for the three months ended September 30, 2023, which included a 3.2% estimated positive impact from FX. Excluding the estimated impact from FX, revenues increased \$12.1 million, or 16.7%, primarily driven by higher demand for our corporate reputation and public affairs services.
- **Segment gross profit** increased \$2.6 million, or 9.5%, to \$30.4 million for the three months ended September 30, 2023. Gross profit margin decreased 3.3 percentage points for the three months ended September 30, 2023. The decrease in gross profit margin was primarily driven by higher compensation expenses as a percentage of revenues, which included the impact of a 6.2% increase in billable headcount.
- **Adjusted Segment EBITDA** was \$13.5 million, or 15.5% of segment revenues, compared with \$12.9 million, or 17.9% of segment revenues, in the prior year quarter.

- (1) DSO is a performance measure used to assess how quickly revenues are collected by the Company. We calculate DSO at the end of each reporting period by dividing net accounts receivable reduced by billings in excess of services provided, by revenues for the quarter, adjusted for changes in foreign exchange rates. We multiply the result by the number of days in the quarter.
- (2) Total debt excludes the impact of unamortized deferred issuance costs related to our 2.0% convertible senior notes due 2023 (“2023 Convertible Notes”).
- (3) See accompanying financial tables and “End Notes: FTI Consulting Non-GAAP Financial Measures” for the reconciliation and definition of Free Cash Flow, which is a non-GAAP financial measure, to the most directly comparable GAAP financial measure.

End Notes: FTI Consulting Non-GAAP Financial Measures

In this presentation, we sometimes use information derived from consolidated and segment financial information that may not be presented in our financial statements or prepared in accordance with generally accepted accounting principles in the United States ("GAAP"). Certain of these financial measures are considered not in conformity with GAAP ("non-GAAP financial measures") under the Securities and Exchange Commission ("SEC") rules. Specifically, we have referred to the following non-GAAP financial measures in this presentation:

- *Total Segment Operating Income*
- *Adjusted EBITDA*
- *Total Adjusted Segment EBITDA*
- *Adjusted Net Income*
- *Adjusted Earnings per Diluted Share*
- *Free Cash Flow*

We have included the definitions of Segment Operating Income and Adjusted Segment EBITDA, which are GAAP financial measures, below in order to more fully define the components of certain non-GAAP financial measures in this presentation. We define Segment Operating Income as a segment's share of consolidated operating income. We define Total Segment Operating Income, which is a non-GAAP financial measure, as the total of Segment Operating Income for all segments, which excludes unallocated corporate expenses. We use Segment Operating Income for the purpose of calculating Adjusted Segment EBITDA. We define Adjusted Segment EBITDA as a segment's share of consolidated operating income before depreciation, amortization of intangible assets, remeasurement of acquisition-related contingent consideration, special charges and goodwill impairment charges. We use Adjusted Segment EBITDA as a basis to internally evaluate the financial performance of our segments because we believe it reflects current core operating performance and provides an indicator of the segment's ability to generate cash.

We define Total Adjusted Segment EBITDA, which is a non-GAAP financial measure, as the total of Adjusted Segment EBITDA for all segments, which excludes unallocated corporate expenses. We define Adjusted EBITDA, which is a non-GAAP financial measure, as consolidated net income before income tax provision, other non-operating income (expense), depreciation, amortization of intangible assets, remeasurement of acquisition-related contingent consideration, special charges, goodwill impairment charges, gain or loss on sale of a business and losses on early extinguishment of debt. We believe that these non-GAAP financial measures, when considered together with our GAAP financial results and GAAP financial measures, provide management and investors with a more complete understanding of our operating results, including underlying trends. In addition, EBITDA is a common alternative measure of operating performance used by many of our competitors. It is used by investors, financial analysts, rating agencies and others to value and compare the financial performance of companies in our industry. Therefore, we also believe that these non-GAAP financial measures, considered along with corresponding GAAP financial measures, provide management and investors with additional information for comparison of our operating results with the operating results of other companies.

We define Adjusted Net Income and Adjusted Earnings per Diluted Share ("Adjusted EPS"), which are non-GAAP financial measures, as net income and earnings per diluted share ("EPS"), respectively, excluding the impact of remeasurement of acquisition-related contingent consideration, special charges, goodwill impairment charges, losses on early extinguishment of debt, non-cash interest expense on convertible notes and the gain or loss on sale of a business. We use Adjusted Net Income for the purpose of calculating Adjusted EPS. Management uses Adjusted EPS to assess total Company operating performance on a consistent basis. We believe that these non-GAAP financial measures, when considered together with our GAAP financial results and GAAP financial measures, provide management and investors with an additional understanding of our business operating results, including underlying trends.

We define Free Cash Flow, which is a non-GAAP financial measure, as net cash provided by (used in) operating activities less cash payments for purchases of property and equipment. We believe this non-GAAP financial measure, when considered together with our GAAP financial results, provides management and investors with an additional understanding of the Company's ability to generate cash for ongoing business operations and other capital deployment.

Non-GAAP financial measures are not defined in the same manner by all companies and may not be comparable with other similarly titled measures of other companies. Non-GAAP financial measures should be considered in addition to, but not as a substitute for or superior to, the information contained in our Condensed Consolidated Statements of Comprehensive Income and Condensed Consolidated Statements of Cash Flows.
