Cautionary Note about Forward-Looking Statements

This presentation includes "forward-looking statements" within the meaning of Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended, that involve uncertainties and risks. Forward-looking statements include statements concerning our plans, initiatives, projections, prospects, policies, processes and practices, objectives, goals, commitments, strategies, future events, future revenues, future results and performance, future capital allocations and expenditures, expectations, plans or intentions relating to acquisitions, share repurchases and other matters, business trends, new, or changes to, laws and regulations, including U.S. and foreign tax laws, scientific or technological developments, including relating to new and emerging technologies, such as artificial intelligence ("AI") and machine learning and other information that is not historical. Forward-looking statements often contain words such as "estimates," "expects," "anticipates," "projects," "plans," "intends," "believes," "commits," "aspires," "forecasts," "future," "goal," "seeks" and variations of such words or similar expressions. All forward-looking statements, including, without limitation, management's financial guidance and examination of operating trends, are based upon our historical performance and our current plans, estimates, intentions and expectations at the time we make them, and various assumptions. Our actual financial results, performance or achievements and outcomes could differ materially from those expressed in, or implied by, any forward-looking statements. Further, unaudited quarterly results are subject to normal year-end adjustments. The Company has experienced fluctuating revenues, operating income and cash flows in prior periods and expects that this will occur from time to time in the future. Other factors that could cause such differences include declines in demand for, or changes in, the mix of services and products that we offer; the mix of the geographic locations where our clients are located or where services are performed; fluctuations in the price per share of our common stock; adverse financial, real estate or other market and general economic conditions; the impact of public health crises and related events that are beyond our control, which could affect our segments, practices and the geographic regions in which we conduct business differently and adversely; and other future events, which could impact each of our segments, practices and the geographic regions in which we conduct business differently and could be outside of our control; the pace and timing of the consummation and integration of future acquisitions; the Company's ability to realize cost savings and efficiencies; competitive and general economic conditions; retention of staff and clients; new laws and regulations or changes thereto; and other risks described under the heading "Item 1A, Risk Factors" in the Company's Annual Report on Form 10-K for the year ended December 31, 2024 filed with the SEC on February 20, 2025 and in the Company's other filings with the SEC. We are under no duty to update any of the forward-looking statements to conform such statements to actual results or events and do not intend to do so.

Corporate Finance & Restructuring (continued)

Segment Offering

Our Corporate Finance segment focuses on the strategic, operational, financial, transactional and capital needs of our clients around the world. Our clients include companies, boards of directors, investors, private equity sponsors, lenders, and other financing sources and creditor groups, as well as other parties-in-interest and governments. We deliver a wide range of services centered around three core offerings: Transactions, Transformation & Strategy and Turnaround & Restructuring.

Medium-Term Growth Opportunities

Enhance **Business Transformation & Strategy and Transactions** capabilities

Grow Restructuring globally

Deeper penetration of key industries e.g., Retail, Healthcare, Telecom, Media & Technology ("TMT"), Industrials, Automotive and Energy

Q1 2025 Key Financial Commentary

- **Revenues** decreased \$22.4 million, or 6.1%, to \$343.6 million for the three months ended March 31, 2025, primarily due to lower demand and realized bill rates for our transformation & strategy and restructuring services, which was partially offset by higher realized bill rates for our transactions services and an increase in success fees.
- **Segment gross profit** decreased \$15.7 million, or 12.3%, to \$112.1 million for the three months ended March 31, 2025. Gross profit margin decreased 2.3 percentage points for the three months ended March 31, 2025. The decrease in gross profit margin was primarily due to the impact of a 5 percentage point decrease in utilization, which was partially offset by the impact of an increase in success fees.
- **Adjusted Segment EBITDA** was \$55.9 million, or 16.3% of segment revenues, compared with \$75.2 million, or 20.6% of segment revenues, in the prior year quarter.

Forensic and Litigation Consulting (continued)

Segment Offering

Our Forensic and Litigation Consulting segment provides law firms, companies, boards of directors, government entities, private equity firms and other interested parties with a multidisciplinary and independent range of services across risk & investigations and disputes, supported by our data & analytics technology-enabled solutions, with a focus on highly regulated industries. Our services are centered around five core offerings: Construction, Projects & Assets and Environmental Solutions (“Construction Solutions”), Data & Analytics, Disputes, Healthcare Risk Management & Advisory and Risk and Investigations.

Medium-Term Growth Opportunities

Enhance **Construction & Environmental Solutions, Cybersecurity and Data & Analytics** capabilities

Grow overseas businesses e.g., United Kingdom and Hong Kong

Increase utilization in Disputes, Investigations and Health Solutions practices

Q1 2025 Key Financial Commentary

- **Revenues** increased \$14.5 million, or 8.3%, to \$190.6 million for the three months ended March 31, 2025, primarily due to higher realized bill rates for our risk and investigations, data & analytics and healthcare risk management & advisory services, as well as higher demand for our data & analytics services.
- **Segment gross profit** increased \$9.0 million, or 14.1%, to \$72.6 million for the three months ended March 31, 2025. Gross profit margin increased 1.9 percentage points for the three months ended March 31, 2025. The increase in gross profit margin was primarily due to higher realized bill rates and internal cost recovery related to an initiative to develop AI capabilities for the Company. The related costs are included in our unallocated corporate expenses.
- **Adjusted Segment EBITDA** was \$37.5 million, or 19.7% of segment revenues, compared with \$33.7 million, or 19.1% of segment revenues, in the prior year quarter.

Economic Consulting (continued)

Segment Offering

Our Economic Consulting segment, including subsidiary Compass Lexecon LLC, provides law firms, companies, government entities and other interested parties with analyses of complex economic issues for use in international arbitration, legal and regulatory proceedings and strategic decision making and public policy debates around the world. We deliver a wide range of services centered around three core offerings: Antitrust & Competition Economics, Financial Economics and International Arbitration.

Medium-Term Growth Opportunities

Maintain leading position of Compass Lexecon in the U.S.

Grow overseas businesses e.g., EMEA, Australia and Asia

Develop adjacent businesses in the U.S. e.g., International Arbitration, Energy, Healthcare, TMT and Financial Services

Q1 2025 Key Financial Commentary

- **Revenues** decreased \$24.7 million, or 12.1%, to \$179.9 million for the three months ended March 31, 2025, primarily due to lower demand for our M&A-related antitrust, financial economics and non-M&A-related antitrust services, which was partially offset by higher realized bill rates.
- **Segment gross profit** decreased \$3.7 million, or 8.2%, to \$41.4 million for the three months ended March 31, 2025. Gross profit margin increased 1.0 percentage points for the three months ended March 31, 2025. The increase in gross profit margin was primarily due to higher realized bill rates and lower compensation expenses, which included the impact of a 6.6% decline in billable professionals primarily due to voluntary terminations. This increase was partially offset by the impact of a 6 percentage point decrease in utilization.
- **Adjusted Segment EBITDA** was \$14.4 million, or 8.0% of segment revenues, compared with \$14.2 million, or 6.9% of segment revenues, in the prior year quarter.

Technology (continued)

Segment Offering

Our Technology segment provides companies, law firms, private equity firms and government entities with a comprehensive global portfolio of digital insights and risk management consulting and data services. Our professionals help organizations better address risk as the growing volume and variety of enterprise and emerging data intersects with legal, regulatory and compliance needs. We deliver a wide range of expert and analytics-powered solutions driven by investigations, litigation, antitrust and competition, M&A, restructuring and compliance and risk through three core offerings: Corporate Legal Department Consulting, E-discovery and Analytics Services and Expertise, and Information Governance, Privacy & Security Services.

Medium-Term Growth Opportunities

Expand addressable market through new distribution channels for Consulting & Services.

Invest in new and adjacent services e.g., Information Governance, Privacy & Security Services and Contract Intelligence

Grow overseas businesses

Q1 2025 Key Financial Commentary

- **Revenues** decreased \$3.6 million, or 3.5%, to \$97.2 million for the three months ended March 31, 2025, primarily due to lower demand for our M&A-related “second request” services, which was partially offset by higher demand for our investigations services.
- **Segment gross profit** decreased \$3.7 million, or 10.2%, to \$32.9 million for the three months ended March 31, 2025. Gross profit margin decreased 2.5 percentage points for the three months ended March 31, 2025. The decrease in gross profit margin was primarily due to lower profitability and mix of our hosting and processing services, which was partially offset by higher profitability of our consulting services.
- **Adjusted Segment EBITDA** was \$11.6 million, or 11.9% of segment revenues, compared with \$14.6 million, or 14.5% of segment revenues, in the prior year quarter.

Strategic Communications (continued)

Segment Offering

Our Strategic Communications segment develops and executes communications strategies to help management teams, boards of directors, law firms, governments and regulators manage change and mitigate risk surrounding transformational and disruptive events, including transactions, investigations, disputes, crises, regulation and legislation. We deliver a wide range of services centered around three core offerings: Corporate Reputation, Financial Communications and Public Affairs.

Medium-Term Growth Opportunities

Further develop large, complex client relationships

Enhance market share in highly regulated industries e.g., Financial Services, Energy, Healthcare, Industrials and TMT

Leverage FTI Consulting's services and platform to enhance client results

Q1 2025 Key Financial Commentary

- **Revenues** increased \$5.8 million, or 7.2%, to \$87.0 million for the three months ended March 31, 2025, which included a 1.1% estimated negative impact from FX. Excluding the estimated impact from FX, revenues increased \$6.7 million, or 8.2%. The increase in revenues was primarily due to a \$3.5 million increase in pass-through revenues and higher demand for corporate reputation services.
- **Segment gross profit** increased \$1.1 million, or 3.6%, to \$30.3 million for the three months ended March 31, 2025. Gross profit margin decreased 1.2 percentage points for the three months ended March 31, 2025. The decrease in gross profit margin was primarily due to higher pass-through revenues and expenses.
- **Adjusted Segment EBITDA** was \$12.9 million, or 14.8% of segment revenues, compared with \$12.4 million, or 15.3% of segment revenues, in the prior year quarter.

⁽¹⁾ DSO is a performance measure used to assess how quickly revenues are collected by the Company. We calculate DSO at the end of each reporting period by dividing net accounts receivable reduced by billings in excess of services provided, by revenues for the quarter, adjusted for changes in foreign exchange rates. We multiply the result by the number of days in the quarter.

End Notes: FTI Consulting Non-GAAP Financial Measures

In this presentation, we sometimes use information derived from consolidated and segment financial information that may not be presented in our financial statements or prepared in accordance with generally accepted accounting principles in the United States ("GAAP"). Certain of these financial measures are considered not in conformity with GAAP ("non-GAAP financial measures") under the Securities and Exchange Commission ("SEC") rules. Specifically, we have referred to the following non-GAAP financial measures in this presentation:

- *Total Segment Operating Income*
- *Adjusted Segment EBITDA*
- *Total Adjusted Segment EBITDA*
- *Adjusted EBITDA*
- *Adjusted EBITDA Margin*
- *Adjusted Net Income*
- *Adjusted Earnings per Diluted Share*
- *Free Cash Flow*

We have included the definition of Segment Operating Income, which is a GAAP financial measure, below in order to more fully define the components of certain non-GAAP financial measures in this presentation. We define Segment Operating Income as a segment's share of consolidated operating income. We use Segment Operating Income for the purpose of calculating Adjusted Segment EBITDA, which is a non-GAAP financial measure. We define Adjusted Segment EBITDA as Segment Operating Income before depreciation, amortization of intangible assets, remeasurement of acquisition-related contingent consideration, special charges and goodwill impairment charges. We use Adjusted Segment EBITDA as a basis to internally evaluate the financial performance of our segments because we believe it reflects core operating performance and provides an indicator of the segment's ability to generate cash. We define Total Adjusted Segment EBITDA, which is a non-GAAP financial measure, as the total of Adjusted Segment EBITDA for all segments, which excludes unallocated corporate expenses.

We define Adjusted EBITDA, which is a non-GAAP financial measure, as consolidated net income before income tax provision, other non-operating income (expense), depreciation, amortization of intangible assets, remeasurement of acquisition-related contingent consideration, special charges, goodwill impairment charges, gain or loss on sale of a business and losses on early extinguishment of debt. We define Adjusted EBITDA Margin, which is a non-GAAP financial measure, as Adjusted EBITDA as a percentage of total revenues. We believe that these non-GAAP financial measures, when considered together with our GAAP financial results and GAAP financial measures, provide management and investors with a more complete understanding of our operating results, including underlying trends. In addition, EBITDA is a common alternative measure of operating performance used by many of our competitors. It is used by investors, financial analysts, rating agencies and others to value and compare the financial performance of companies in our industry. Therefore, we also believe that these non-GAAP financial measures, considered along with corresponding GAAP financial measures, provide management and investors with useful supplemental information.

We define Adjusted Net Income and Adjusted Earnings per Diluted Share ("Adjusted EPS"), which are non-GAAP financial measures, as net income and earnings per diluted share ("EPS"), respectively, excluding the impact of remeasurement of acquisition-related contingent consideration, special charges, goodwill impairment charges, the gain or loss on sale of a business and losses on early extinguishment of debt. We use Adjusted Net Income for the purpose of calculating Adjusted EPS. Management uses Adjusted EPS to assess total Company operating performance on a consistent basis. We believe that these non-GAAP financial measures, when considered together with our GAAP financial results and GAAP financial measures, provide management and investors with useful supplemental information on our business operating results, including underlying trends.

We define Free Cash Flow, which is a non-GAAP financial measure, as net cash provided by operating activities less cash payments for purchases of property and equipment. We believe this non-GAAP financial measure, when considered together with our GAAP financial results, provides management and investors with useful supplemental information on the Company's ability to generate cash for ongoing business operations and capital deployment.

Non-GAAP financial measures are not defined in the same manner by all companies and may not be comparable with other similarly titled measures of other companies. Non-GAAP financial measures should be considered in addition to, but not as a substitute for or superior to, the information contained in our Consolidated Statements of Comprehensive Income and Consolidated Statements of Cash Flows.
